### Physical Description:

Friday to be somewhere in her mid to late twenties, although she is fully capable of 'dressing down' to fit in with college students, or throwing on an evening gown to brush elbows with the corporate elite. Her hair is naturally red and shoulder length, but she often dyes it fit the current situation. She is athletically built, and of an average height.

### Word on the Street:

*>> I've got no idea where she trained, but this chick is highly qualified at covert infiltration and negotiations. She's been at a number of high profile events in the last two months, but I've never heard of her before that.*

*>> Wheels*

*>> I saw her at the firing range a few weeks back and I'd say she's also 'expert' qualified with pistols.*

*>> Warcrow*

*>> Bump that up to 'Marksman' caliber. She also knows friggin' Jujitsu. Anyone know where she came from?*

*>> Triggerman*

*>> Got word of someone fitting her description down in Denver a year or two back, but it was purely small time stuff. Could be the same gal.*

*>> Stumpy*

### Personal Commentary:

*Excuse me? No, I'm sorry... you must have me confused with someone else..*

### Roleplaying Notes:

Friday is relaxed and at home in any situation... or at least she seems so on the surface. She has several years acting experience, and almost as much experience working as a 'pretender' for a fixer in Denver. She is inquisitive, and keeps mental notes on every one of consequence that she meets for use in later conversations (or as later 'lubrication' ie: bribery).
