

Vital Stats: "Burnie"

Age: 15

Height: 1.72m

Weight: 62kg

Hair: Red

Eyes: Hazel

Gender: Male

Metatype: Orc

Awakened: Yes

Primary Role: Magical Support

Physical Description:

Burnie is of average height for a young orc, but severely thin. Unlike many orcs his age, he looks younger than his age. His upbringing in the Orc Underground has taught him to make use of whatever he has, so his normal attire is mismatched hand-me-downs.

Word on the Street:

>> *Absolutely reliable as long as you can keep him from getting distracted by shiny things.*

>> H.K.

>> *Burnie? You mean Bernard? You mean Rikki's kid? He's a menace!*

>> *Warcrow*

>> *Adopted kid. I knew his real parents before MCT geeked em. The kids got quite a pedigree, I'll tell you that much.*

>> *AJ*

>> *Word is MCT took out Rikki a week back, too. RIP, old friend.*

>> *Poe*

Personal Commentary:

Dude! Did you see that?! I TOTALLY blew it up with my magic powers and stuff! Neat, right?!

Roleplaying Notes:

Burnie is young, and so it shows, with the way he holds himself and the way he talks to others. While most youth have a naive look at life, Burnie instead is always searching for more answers to anything that someone wants to teach him. He isn't inexperienced mind you. Burnie has seen a lot in his short life and when the situation calls for it he is fully able to step up and play his part.
